31 Dec 2027 (fully vested)	400,000	10,560,000	0

Acceleration: unvested shares vest in full on a sale of the company (double trigger).

Transfer restrictions (shareholders' agreement dated 18 June 2026)

1. **Lock-up (clause 14.2).** No founder may sell, pledge or otherwise transfer shares before 31 March 2027 without investor majority consent.
2. **Permitted secondary (clause 14.5).** After the lock-up, each founder may sell up to 1,200,000 ordinary shares in one company-organised secondary window. At the Series C price this is M$15,000,000 for Mr Okoro. The board has pencilled in April to May 2027 for the window.
3. **Right of first refusal (clause 15).** Silverpine Ventures IV LP, then the other preferred holders pro rata, may buy any shares offered at the same price within 20 business days.
4. **Co-sale (clause 16).** Preferred holders may join any founder sale above 5% of that founder's holding.
5. **Drag-along (clause 18).** A sale approved by the board and 60% of preferred holders binds all shareholders.
6. **Estate planning transfers (clause 14.8).** Transfers to a family trust or a wholly owned holding company are permitted with notice, provided the transferee signs a deed of adherence.

Other interests

Mr Okoro also holds 120,000 options (exercise price M$6.20, granted 1 October 2022, fully vested) under the 2019 Share Option Plan; they are counted within the option pool above. Dr Ada Okoro holds no shares in the company.
